Jaipur Engineering College and Research Centre
Department of Computer Science

Company Name:	HexaView
Candidate Name:	Mr. Atul Dada
Branch:	Computer Science

1) First 3 rounds were offline test which consists of Quants , Logical , Verbal and Technical objective questions. There was also a sectional cut-off with sectional timing.
Technical objective questions mainly consists of questions of DBMS, Operating System and code outputs.

3) Fourth Round was Face to face Technical round with the following questions:
1. Tell me something about yourself (tell mainly about your technical skills).
2. Something about projects.
3. How will you check if a graph is cyclic or acylic(Write the Algo).
4. Program for Minimum Spanning tree using any Algorithm
5. Logic based Questions.(riddle)
6. Concept of Merge sort.
7.find middle element in a linked list in a single iteration.

4) Fifth Round was again technical with main focus on DBMS and project.
1. I was given a table and asked whether it is normalized or not.
2. No,it was not then i was asked to Normalize it.
3. Some SQL queries on the formed normalized tables.
4. how would you increase the efficiency of server.(Push and pull mechanism)
5. Complete tech stack about the project and asked how could I improve my project based on my implementation.

6)Sixth Round was again technical round entirely based on coding
1.largest 6 digit prime no. With minimum possible time complexity.
2.Constraint:One minute question without pen,No. Of digit in 2^12
3.second largest recurring element in a given string.
4.given two array find the longest common matching substring length.

7)HR
1.formality:Tell me about yourself
2.Placed or not.
3.will you be comfortable to join from January.
4.company Description.

Regards
Atul Dada
