Jaipur Engineering College and Research Centre

Department of Computer Science

Company Name:	EY Global
Candidate Name:	Dhruval Bhardwaj
Branch:	Computer Science

1) EY conducted AMCAT Test which had 3 sections:
   - First one was English which consisted of 25 basic questions like Paragraph, Synonyms, Antonyms and Error identification in the sentences.
   - Second section was Technical that consisted of 15 questions based on C, C++, Java with DBMS and Operating System.
   - Final Section was Quants and Logical section 14 questions which were easy and were practiced enough in our training time by the faculties.

2) Second round was Group Discussion and we were given the topic "Effect of Demonetization on the Indian Economy". We were given 5 minutes to discuss the topic and then each individual had to conclude.

3) Third Round was Face to face Technical round with the following questions:

   - Give a brief introduction.
   - What was your project about?
   - Project in detail.
   - Situations were given on project.
   - Difference between Switch and Hub.
   - What is Sub netting ?
   - Name any 8 subjects you have studied in Engineering. And picked one of the subjects and began asking questions from it.
   - What is currently new in technology and then moved to iPhone X. What are its new features?
   - Operating Systems that you have worked on.
   - Do you have any questions for us?

4) Last Round was HR round with following questions:

- Tell me something about you which is not in this resume.
- Personal and Professional aspirations
- Why do you want to join our organization?
- What are your weaknesses?
- What are your hobbies?
- Do you have any questions?

Regards,

Dhruval Bhardwaj.
